---

## Scope

South Asia Region  
(Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan and Sri Lanka)

---

## Timeline

Survey open until 30<sup>th</sup> Nov 2020  
Events Scheduled in 1<sup>st</sup> quarter of 2021

---

## Partner

Federation of India Chambers of Commerce & Industry

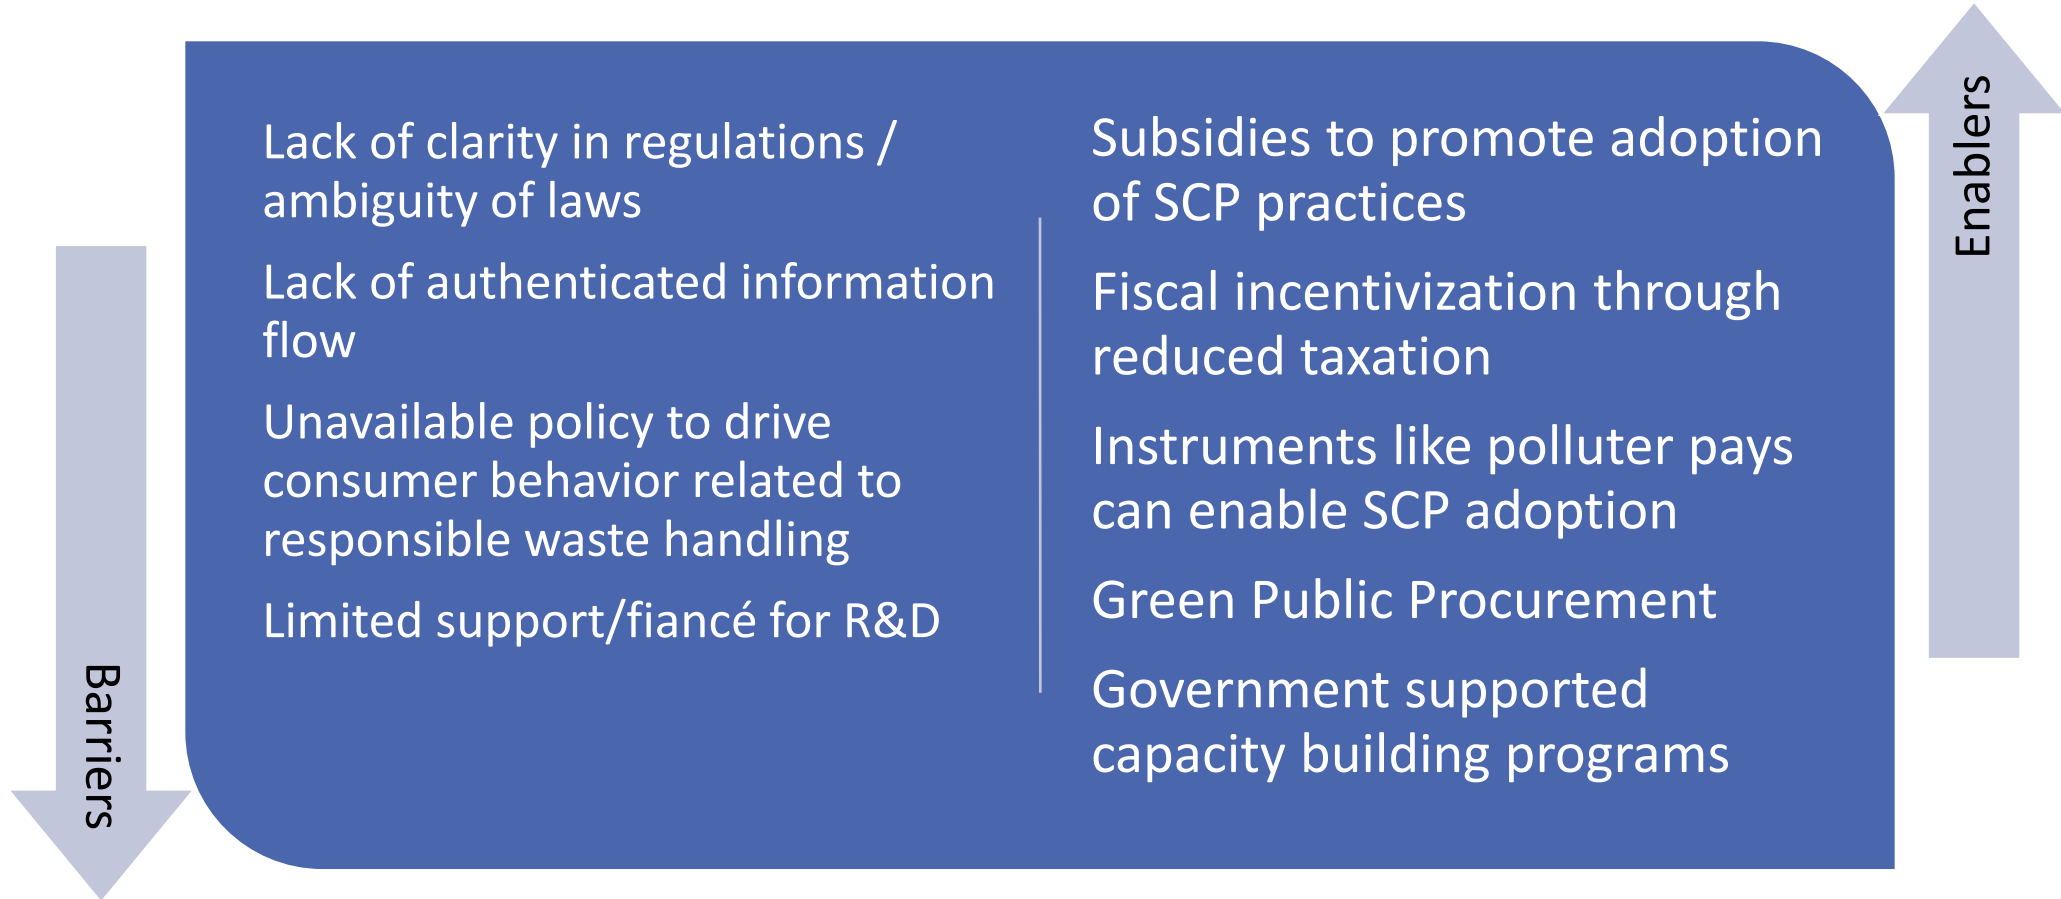

---

## Events

Sub regional policy dialogue  
Workshop on relevant reporting tool/s for businesses

---

# Survey Trends - Policy Perspective

# Additional Observations

It is essential to understand MSME/SME approach toward SCP

Maximum dependence is on ISO 14001:2015 EMS in SME/MSME (value chain)

Technological barrier and lack of awareness remain top barrier for adopting SCP reporting

ESG compliance is viewed critically
